Water Rhythms: an underwater design in clear, multiple containers

Second in class in Underwater Rhythms

Class: Ebbtide

These were the directions:

A design using a wall hanging frame provided by the FS Committee. Gave inside dimensions and said the design may not extend more than 3 inches in any direction beyond the frame.

This designer used a piece of lucite in front of the sea and horizon background and glued her flowers on to the lucite.

Class 4 - Undertow.

Second in class and the Fenwick winner

*Fenwick is awarded only at a GCA Major Flower Show

Class 5, Siren Call

Dear members:

If you have enjoyed VVGs, please do not forget to thank our members who have shared their pictures.

Upcoming: Joanie Van der Grift's pictures of a private garden in Northeast Harbor, Mount Desert, Maine.

Please stay tuned...
