

Summer Snaps

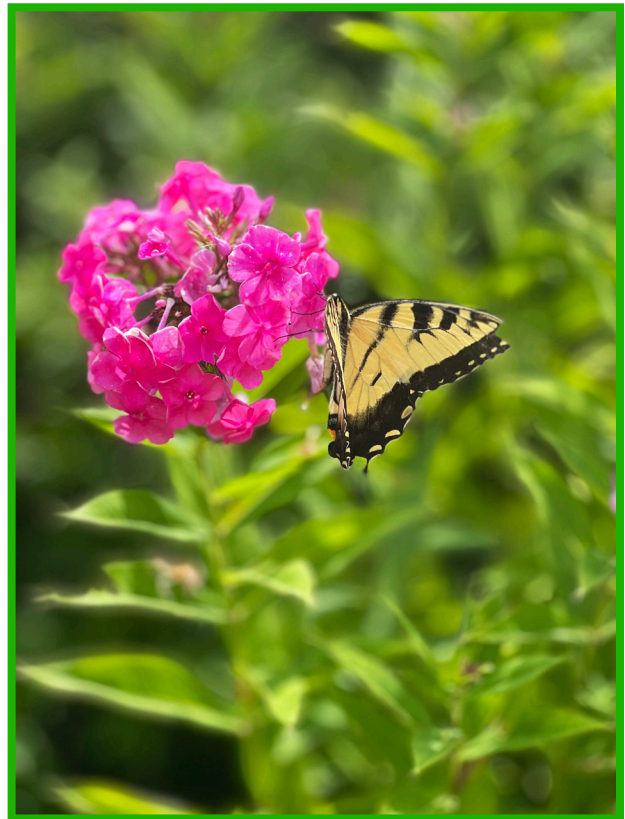

We present you with an unusual Combo edition of pictures originated from a member's friend, our club's secretary and a member's daughter.

Thank you, Polly Reed, Annette Prichard and Christine Aylward for sharing the pictures with us.

Enjoy!

Polly writes: “These are all from my friend Cecily Grand’s garden (Bedford Garden Club) in North Salem NY. FYI the row of chives lining the vegetable garden are ones I gave her when we left New York 28 years ago. I’m sure she has divided them many times since them. “

Our garden club secretary Annette is also a wedding and event planner. She owns a part-time business *Le Jour De Events*.

Here are two weddings Annette did recently —

Seattle, Washington

Annette: they are “white roses, carnations, lisianthus, Italian ruscus, salal, fern and babies breath.”

The Hammond Castle, Gloucester, MA

Singapore Botanic Gardens

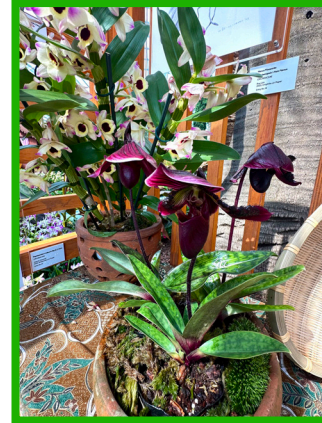

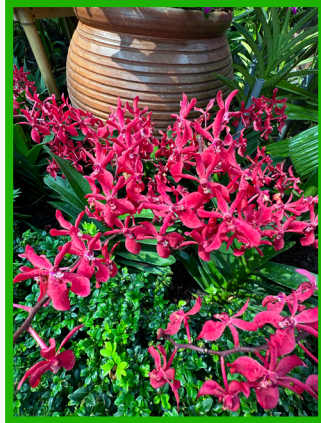

Christine's daughter Casey was in Singapore recently.

Casey writes:
“ Singapore is
indeed amazing!
It is very clean
and safe”

Upcoming:
VVG #69: Melinda Hassen's pictures of a stunning private garden in Northeast Harbor, Maine.
